About NISM:

National Institute of Securities Markets (NISM) is a public trust established in 2006 by the Securities and Exchange Board of India (SEBI), the regulator of the securities markets in India. The institute carries out a wide range of capacity building activities at various levels aimed at enhancing the quality standards in securities markets.

The institute's six schools of excellence work in synergy towards creating professionalized
25 SEBI-mandated and voluntary examinations on various product and functional domains of securities markets conducted across 250+ accredited test centres across the country.
