Analyzing your Trades:

- **Live Market**

As you go live for trading, during the complete course duration we will guide you through the live market for any support required such as stock selection, chart pattern, etc. Now, this is the level where you will start enhancing yourself on exactly how the money is made. We make sure that the execution of levels 1, 2, 3, and 4 is utilized in this particular session.

- **Post Market:**

Once you complete Level 1 to 3 you are ready to go in live markets as all the basics and advance concepts of trading are clear. Level 4 - Entry & Exit / Stoploss Live trading In this level you will learn about how to take entry in the trades as per the setup and when to exit with profits and what should be your maximum stop loss.

- **Trading Reality:**

A person always wants to double the capital from the stock market and apparently starts losing what he owes. At EFMA people learn to control their emotions, create a habit of compounding their money, develop patience, and make financial peace. LIVE MARKET SESSIONS have helped people to make money from market.
